## **CRYOTHERAPY**

CryoPen™ is an innovation in Cryotherapy allowing **benign** skin lesions such as **Skin Tags, Milia, Cherry Angiomas, Age Spots, Warts** and **Verrucas** to be treated quickly and painlessly. ... It is an ideal solution for removal of skin lesions and imperfections.

Cosmetic procedures such as **skin tags, millia** and **cherry angiomas** are no longer treatable as a standard NHS procedure, however the need for it is still necessary. Cryopen™ is a quick and easy solution to these common skin conditions without the need for anaesthesia or injections.
